SECTION 01

Executive Summary

Key findings for Tomek & Karolina

🔴 **Centrum Psychiatrii ANIMA is the most serious direct competitive threat to WCP.** This is not a distant competitor — ANIMA is a structurally superior organization that is actively expanding into WCP's key markets with advantages WCP cannot easily replicate.

The threat is defined by three critical asymmetries:

1. **NFZ Access**
   ANIMA treats patients reimbursed by NFZ. WCP does not have this option. This gives ANIMA access to a patient pool estimated to be 5–10× larger than the private market in which WCP operates.

2. **In-House Psychiatrist**
   ANIMA has a psychiatrist from 300 PLN. WCP has no psychiatrist, forcing patients to seek pharmacotherapy elsewhere — this creates friction and leakage in the care pathway.

3. **Geographic Scale**
   ANIMA operates from 6 locations (including a new branch in Iława opened in March 2026) vs WCP's 3 locations. They are physically present in more population centres in the region and are actively expanding.

🟡 **Bottom Line:** ANIMA is not merely competing with WCP for the same patients — ANIMA is competing on a field WCP does not even play on (NFZ), offering a service WCP does not have (psychiatry), from more locations than WCP. The threat is real, growing, and structural.

BASIC INFORMATION

ANIMA

CENTRUM PSYCHIATRII ANIMA

Full name

Iwona Trzonkowska-Żyśko

OWNER/DIRECTOR

✅ **PTP**

PTP ACCREDITATION

Polskie Towarzystwo Psychiatriczne

FIELD	VALUE
Full Name	Centrum Psychiatrii ANIMA
Director	Iwona Trzonkowska-Żyśko
Website	anima.olsztyn.pl
Medical Centre	animaolsztyn.pl
PTP Accreditation	✅ **Official accreditation**

LOCATIONS (6 BRANCHES)

#	LOCATION	ADDRESS	TYPE
1	**Olsztyn — Centrala**	ul. Jarocka 86	Adults — NFZ + Commercial
2	**Olsztyn — Children/Youth**	ul. Żołnierska 19A	Dedicated children/youth centre — NFZ
3	**Szczytno**	Poradnia Szczytno	Outpatient NFZ
4	**Biskupiec**	Biskupiec Clinic	NFZ Facility
5	**Iława** 🆕	ul. Andersa 2C/3	**NEW — March 2026 — Commercial**
6	**Węgorzewo**	Węgorzewo Clinic	NFZ Facility

SERVICES — NFZ (PUBLIC)

Psychiatric, psychological, and psychotherapeutic care for adults

Day ward for neurosis treatment (fully reimbursed by NFZ)

Psychiatric, psychological, and psychotherapeutic care for children and adolescents

SERVICES — COMMERCIAL (PRIVATE)

SERVICE	PRICE
Psychiatric consultation	from 300 PLN
Psychotherapy session	**200 PLN**
Psychological consultation	**from 200 PLN**
DIVA-5 ADHD Diagnosis	**1,200 PLN**
Assessment (RKL)	250 PLN
Group, couples, individual therapy	—

TEAM SIZE

26+
STAFF – OLSZTYN CHILDREN'S
9 psychotherapists, 6 psychologists, 5 community therapists, 1 supervisor

40+
TOTAL SPECIALISTS
Including psychiatrists

ONLINE PRESENCE

PLATFORM	METRIC
Google Reviews	**3.2/5 stars, 58 reviews**
Facebook	2,200+ followers

✅ **ANIMA's weak point:** A 3.2/5 score on Google is a serious trust gap. Patients read reviews before booking. WCP with 4.7/5 (119 reviews) holds a massive reputational advantage.

SECTION 03

WCP vs ANIMA — Direct Comparison

Dimension by dimension — who has the advantage

DIMENSION	WCP	ANIMA	ADVANTAGE

Locations	3	6	🔴 ANIMA
Team Size	22 therapists	40+ specialists	🔴 ANIMA
Psychiatrist	❌ None	✅ On staff	🔴 ANIMA
NFZ Contract	❌ Private only	✅ NFZ + Commercial	🔴🔴 ANIMA
Day Ward	❌ None	✅ NFZ reimbursed	🔴 ANIMA
PTP Accreditation	❌	✅	🔴 ANIMA
Children/Youth Centre	❌	✅ Dedicated centre	🔴 ANIMA
Individual Therapy Price	250 PLN	200 PLN	🔴 ANIMA
DIVA-5 ADHD Price	600 PLN	1,200 PLN	🟢 WCP (50% cheaper)
MOXO ADHD Test	300 PLN	Not offered	🟢 WCP (unique)
Google Reviews	119 (ZnanyLekarz)	58, 3.2/5	🟢 WCP
Brand Warmth	Strong, warm, modern	Clinical/institutional	🟢 WCP
Website	Nowoczesna	Fragmented, older design	🟢 WCP
Online Booking	Booknetic	Likely phone-based	🟢 WCP

🟢 WCP – WARMIŃSKIE CENTRUM PSYCHOTERAPII

3 locations: Olsztyn, Elbląg, Ostróda

22+ therapists (the only multi-location centre in Warmia)

Reviews: 4.7/5 (119 reviews) ✅

DIVA-5 ADHD: 600 PLN (50% cheaper)

MOXO: Unique in the region ✅

Brand: Warmer, more personal

No psychiatrist ❌

No NFZ contract ❌

🔴 ANIMA – CENTRUM TERAPII ANIMA

6 locations in the region

40+ specialists

Reviews: 3.2/5 (58 reviews) ❌

DIVA-5 ADHD: 1,200 PLN (2× WCP)
MOXO: Unavailable

Brand: More clinical, institutional

In-house psychiatrist ✅

NFZ contracts ✅

PTP accreditation, day ward ✅

SECTION 04

ANIMA's Structural Advantages

Four key strategic asymmetries

4.1 NFZ ACCESS — THE DECISIVE ADVANTAGE

🔴 **ANIMA's greatest structural advantage:** NFZ access is not merely an add-on — it is a game-changer.

5-10×
LARGER PATIENT POOL
NFZ vs private market

~0 PLN
NFZ ACQUISITION COST
NFZ patients actively seek care

Upsell
CONVERSION PATHWAY
NFZ → Commercial services

Market size: The NFZ patient pool is estimated to be 5–10× larger than the private market

Patient acquisition cost: Near zero for NFZ patients

Upsell pathway: NFZ patients can be converted to commercial services

Iława (March 2026): Deliberately commercial — NFZ→commercial strategy

4.2 IN-HOUSE PSYCHIATRIST

🔴 ANIMA — INTEGRATED PATHWAY

Patient → Psychiatrist → Psychotherapist (one roof)

No leakage. Full continuity of care. Pharmacotherapy available without leaving the facility.

WCP – FRAGMENTED PATHWAY

Patient → External psychiatrist → WCP psychotherapist

Leakage at every handoff. Increased friction. Risk of losing the patient along the way.

4.3 SIX LOCATIONS VS THREE

Two Olsztyn locations vs one WCP

Small-town capture: Szczytno, Biskupiec, Węgorzewo

Iława threatens WCP's Ostróda market

4.4 DAY WARD + PTP ACCREDITATION + CHILDREN'S CENTRE

1. **Day Ward**
   A hospital-level service WCP cannot offer. Full inpatient-equivalent treatment in a day format, reimbursed by NFZ.

2. **PTP Accreditation**
   Institutional credibility. Often required by partner facilities and insurance contracts.

3. **Dedicated Children/Youth Centre**
   26 staff in a single branch dedicated entirely to this. A specialisation WCP does not have.

SECTION 05

WCP's Advantages

Four areas where WCP leads

5.1 THERAPY-FIRST IDENTITY

WCP = Psychotherapy Centre. ANIMA = Psychiatric Centre.

Patients who specifically seek therapy prefer WCP's positioning. This is not just marketing — it is a real difference in the care model.

5.2 PRICING — KEY WINS

50%
CHEAPER DIVA-5
600 vs 1,200 PLN

MOXO
UNIQUE IN THE REGION
300 PLN — ANIMA does not offer it

Note: ANIMA has a lower individual therapy price (200 vs 250 PLN). WCP must compete on value, not price.

5.3 BRAND AND DIGITAL

Modern website: Better UX than ANIMA's fragmented site

Warm brand: More emotional resonance

Booknetic: Full online booking

3.2/5 ANIMA: A serious reputational weakness

5.4 AGILITY

Younger, more entrepreneurial organisation

Faster decisions in digital and content

Ability to test new channels (online, social)

SECTION 06

Threat Assessment

Dimension by dimension — risk level

NFZ ACCESS
9/10 Critical
Structural — cannot be quickly replicated

PSYCHIATRY
8/10 Very High
Creates care fragmentation

GEOGRAPHIC EXPANSION
7/10 High
Iława threatens Ostróda

PRICE COMPETITION

CHILDREN AND ADOLESCENTS

BRAND AND REVIEWS

6/10 Medium

50 PLN difference, WCP wins on ADHD

6/10 Medium

ANIMA's NFZ centre is strong

3/10 Low

ANIMA's 3.2/5 is a real weakness

DAY WARD

4/10 Low

Outside WCP's model

🟡 **Summary:** The two highest threats (NFZ and Psychiatry) are structural gaps that WCP must close strategically, not tactically. The rest are manageable or even favourable for WCP.

SECTION 07

Strategic Recommendations

Eight key counter-strategic actions

1. **Hire a Psychiatrist** P1
   Closes the biggest gap, enables integrated care, qualifies for PTP accreditation, and is a prerequisite for NFZ.

2. **Secure an NFZ Contract** P2
   5–10× patient pool expansion. Timeline: 12–24 months. Start planning now.

3. **Double Down on ADHD** P2
   Flagship service, 50% price advantage, MOXO is unique. This is where WCP can dominate.

4. **Expand Online Therapy** P3
   Geographic equaliser, plays to WCP's brand strength. Target: 15% of revenue in 6 months.

5. **Attack the Review Weakness** P2

SEO for comparative queries, maximise WCP reviews. Not a negative campaign — demonstrate the difference with facts.

6 **Build the Therapy-First Brand** P3

Lean into warmth, specialisation, community. This is a strategic advantage, not just aesthetics.

7 **Optimise the Care Pathway** P2

Formalise psychiatrist partnerships, reduce leakage. A temporary solution until in-house hire.

8 **Children/Youth Programme** P3

Capture parents willing to pay for shorter wait times than NFZ.

SECTION 08

Urgent Actions (0–30 days)

Concrete tasks with owners and deadlines

#	ACTION	OWNER	DEADLINE	IMPACT
1	**Begin psychiatrist recruitment** Prepare job listing, publish on Pracuj.pl, LinkedIn, OLX	Tomek / Karolina	April 30	Critical
2	**ADHD service visibility audit on the site** Ensure DIVA-5 and MOXO are prominently promoted	Tomek / Marketing	April 25	High
3	**Create ADHD landing page with pricing** Highlight the 50% price advantage	Marketing	May 5	High
4	**Review collection campaign (20+ new)** Actively ask satisfied patients for reviews	Ewelina / Recepcja	May 15	Medium

5	**Research NFZ contract requirements** Prepare documentation, begin application process	Tomek	May 15	Strategic
6	**Establish psychiatrist partnerships** Formalise referral pathways, reduce leakage	Karolina / Klinika	May 5	High
7	**Monitor ANIMA Iława activity** Track the development of the competitor's new location	Tomek / Echo	Ongoing	Intel
8	**Competitive SEO audit** Analysis of comparative queries "ANIMA vs WCP"	Marketing	May 10	Medium

✅ **Key Takeaways:** Hiring a psychiatrist and securing an NFZ contract are the only two actions that can close ANIMA's structural advantages. Everything else is tactics that reinforce WCP's natural strengths (ADHD pricing, brand, reviews).
