SECTION 1

Karolina's Guidelines — Vision and Requirements

Direct knowledge from WCP founder

> **Philosophy:** Minimal costs, maximum effect. The location should be move-in ready — painting, furniture, toys. No structural changes, no property purchase.

KEY REQUIREMENTS

1. **One location: Bartąg**
   We're not considering multiple locations — focusing on the Bartąg/Stawiguda area, close to Olsztyn. This is a developing suburb with young families.

2. **Rental, not purchase**
   Apartment rental — flexibility, lower initial costs, ability to change location if the business needs more space.

3. **Apartment layout = clinic**
   Two rooms (bedrooms) = play therapy rooms. Separate kitchen = staff room. Hallway = waiting area. Minimum 50–60 m², 3+ rooms.

4. **Move-in ready**
   Minimal fit-out costs: only painting, furniture, toys/equipment. No structural changes, no walls, no installations.

5. **CCPT Equipment — detailed list**
   Full list of toys and equipment for play therapy (Child-Centered Play Therapy) needed. Preference: wood over plastic. Some toys can be used (OLX, Allegro, Vinted).

WHY THIS MODEL MAKES SENSE

Low financial risk — deposit + first month rent + furniture + toys = 25–35k PLN, not 180–330k like with purchase/renovation

Quick start — apartment move-in ready, painting 2–3 days, IKEA furniture in a week, toys online

Flexibility — if the location doesn't work, we change. If we need more space, we move

Market test — confirm demand for play therapy in Bartąg before larger investment

SECTION 2

Bartąg — Why Here?

Location analysis: demographics, accessibility, competition

> **Key advantage:** WCP will be **the first on the market** play therapy clinic for children in the Bartąg/Stawiguda area. No other facility offers CCPT in Gmina Stawiguda.

GMINA STAWIGUDA PROFILE

ATTRIBUTE	DATA
Population	**13,319 residents**
Distance from Olsztyn center	8–12 km
Key villages	Bartąg, Stawiguda, Bartążek, Gągławki, Tomaszkowo
Character	Rapidly urbanizing suburb, family-friendly
New residential developments	Multi-family on Kwiatowa St., Bartąska St.

🏠 Young families

Bartąg and surrounding areas are one of the fastest growing regions near Olsztyn. New housing developments = young families with preschool and early school-age children (4–12 years) — the main CCPT target group.

🚗 Accessibility

Direct bus connection to Olsztyn (MZK). Main artery ul. Olsztyńska/Bartąska. Parents drive children after work — 15–20 min from Olsztyn center. Parking by the building is a must-have.

🏫 Schools = Referral Source

Zespół Szkolno-Przedszkolny in Stawiguda, schools in Bartąg — without dedicated psychological services with diagnosis. WCP can become the main school partner in the area.

💰 Lower costs

Bartąg apartment rent: 1,500–2,500 PLN/month. Compare: Olsztyn center 3,500–7,000 PLN/month. Difference = 2,000–4,500 PLN/month savings from day one.

PRICE BENCHMARK — APARTMENT RENTALS, OLSZTYN SUBURBS

AREA	PLN/M²/MONTH	50-60 M² (PLN/MONTH)
Bartąg / Stawiguda	**35–50**	**1,750–3,000**

Olsztyn – Center	60–100	3,000–6,000
Dajtki / Gutkowo	40–60	2,000–3,600

WHAT TO CHECK DURING VIEWINGS

Room layout — are bedrooms separated by doors? Kitchen separate?

Paint condition — is refresh enough or full painting needed?

Parking — is there space under the building? Do neighbors block it?

Quiet — are neighbors loud? Street noise? Therapy sessions require peace

Owner — do they agree to business activity at the address? Critical!

Accessibility — ground floor or elevator

Windows — blinds/curtains for light control (important for MOXO)

RENT NEGOTIATION TIPS

1. **Propose longer contract**
   2–3 years with guaranteed rent increase cap = lower base rent. Owners prefer stability.

2. **Explain the business**
   Children's therapy = quiet, peaceful tenants. No parties, low usage. Owners like this.

3. **Agree who pays utilities**
   For 50–60 m²: electricity ~200–350 PLN, water ~80–150 PLN, heating ~150–300 PLN winter. Rent with utilities = easier budgeting.

4. **Deposit = 1 month, not 3**
   Negotiate deposit to 1 month rent. Standard is 1–2 months. 3 months = excessive.

SECTION 5

> **Principle:** Apartment is move-in ready. We only invest in: (1) painting, (2) furniture, (3) toys and CCPT equipment. No walls, no installations, no renovations.

Next Steps — Action Plan

Concrete actions with priorities

WEEK 1 — IMMEDIATE ACTIONS

1. **Contact offer #3 (57 m², 3-room)**
   Best available — 57 m², 3 rooms, apartment layout matches requirements. Schedule viewing.

2. **Set up OLX / Otodom alerts**
   "Apartment for rent Bartąg", "Apartment Stawiguda", "3 rooms Olsztyn south". Email notifications.

3. **Contact real estate agents**
   Agents in Olsztyn specializing in apartment rentals. Describe requirements: 50–60 m², 3 rooms, Bartąg/Stawiguda, business activity consent.

WEEK 2 — VIEWINGS AND VERIFICATION

4. **View 2–3 apartments**
   Check room layout, parking, noise, neighbors. Take photos. Assess how much painting is needed.

5. **Talk to owner about business activity**
   Do they agree to business registration at the address? This is critical — without this, we don't sign the contract.

6. **Start CCPT therapist recruitment**
   Look for certified play therapist with 20–30 hours/week availability. This is a bottleneck — start now.

WEEK 3-4 — CONTRACT AND ORDERS

7 **Sign rental agreement**

Negotiate: 1 month deposit, 2–3 year term, business activity consent, termination clause with 1 month notice.

8 **Order painting**

2–3 days work. Colors: white/light in therapy rooms, neutral in hallway. Odorless paints (children!).

9 **Order IKEA furniture**

KALLAX shelves, table and chairs, waiting area chairs, containers. Delivery 2–3 days. Assembly 1 day.

10 **Buy CCPT toys**

Used from OLX/Allegro (dollhouse, kitchen, LEGO, wooden blocks) + new from Empik/Allegro (paints, crayons, clay). Sandtray custom from carpenter. Budget: 4,000–7,500 PLN.

WEEK 5-6 — LAUNCH
