SECTION 1

Location & Competitor Intelligence

Bartąg / Stawiguda / Olsztyn South — geographic & competitive analysis

> **Key finding:** WCP would be **first-to-market** for comprehensive children's mental health services (play therapy + ADHD diagnostics) in the Bartąg/Stawiguda area. No dedicated children's mental health clinic exists within Gmina Stawiguda.

GMINA STAWIGUDA PROFILE

ATTRIBUTE	DATA
Total Area	**223.22 km²**
Population	**13,319**
Distance to Olsztyn Centre	8–12 km
Key Villages	Bartąg, Stawiguda, Bartążek, Gągławki, Tomaszkowo
Character	Rapidly suburbanizing, family-friendly, semi-rural

INFRASTRUCTURE & ACCESSIBILITY

Gminna Komunikacja Publiczna: Active bus service connecting all villages, resumed after Jan 2026 weather suspension

MZK Olsztyn: Direct bus lines from Bartąg/Stawiguda to Olsztyn city centre

PKP Stawiguda: Regional rail connections — suitable for patients from distant areas

Road infrastructure: ul. Olsztyńska (main artery), recent investments from Fundusz Dróg Samorządowych

Medical proximity: Access to Provincial Hospital, University Hospital, and private clinics in Olsztyn

EDUCATIONAL INSTITUTIONS (REFERRAL SOURCES)

Zespół Szkolno-Przedszkolny im. Olimpijczyków Polskich w Stawigudzie — combined primary + preschool, recently modernised sports hall (EU-funded)

Schools serving Bartąg/Bartążek communities along ul. Kwiatowa

Distributed educational facilities across Gągławki, Pluski, Tomaszkowo

No dedicated school psychological services with diagnostic capabilities identified

COMPETITIVE LANDSCAPE

FACTOR	WCP POSITION	MARKET GAP

Children's play therapy	Strong — specialisation	Underserved
ADHD diagnostics (DIVA-5, Conners-3, MOXO)	**Unique offering**	No local competition
Comprehensive service model	**Differentiated**	Fragmented market
Ground-floor accessibility	**Planned**	Competitors in office buildings
Suburban location + parking	**Advantage**	City-centre competitors lack this

SECTION 8

EU & Regional Funding Opportunities

Grants, programs & reimbursement channels

PROGRAM	TYPE	ELIGIBILITY	TIMELINE
FE Infrastructure/Klimat	EU Grant	Healthcare infrastructure	Ongoing
KPO — Health Component	EU/National	**Mental health services modernisation**	2021–2026
Polish Deal	National	Infrastructure	Ongoing
Marszałek Grants	Regional	Social projects	Annual calls
NFZ Contracts	Operational	Healthcare providers	Quarterly
WAMA COOP	Regional	NGO / social enterprise	Active
Narodowy Program Zdrowia	National	Mental health priority	Ongoing

1 **Short-term (Month 1–3)**
Apply for Marszałek grants for social infrastructure. Contact Urząd Gminy Stawiguda about available commercial spaces and any local incentive programs.

2 **Medium-term (Month 3–12)**
Pursue KPO funding for mental health service expansion — this is the largest potential source. Begin NFZ contract negotiations for service reimbursement.

3 **Ongoing**
Monitor EU structural funds (2021–2027 perspective) for healthcare infrastructure grants. Annual Marszałek grant applications.

Recommended Next Steps

Prioritised action plan

WEEK 1 — IMMEDIATE ACTIONS

🔴 **Contact Tomaszkowo listing (#2)** — 81m², 4 rooms, 6,000 PLN/mo — schedule viewing

🔴 **Set up OLX/Otodom alerts** for "lokal usługowy Bartąg" / "Stawiguda" / "Olsztyn południe"

🔴 **Contact local real estate agents** specialising in commercial properties in the Olsztyn south corridor

🔴 **Contact Urząd Gminy Stawiguda** — ask about available commercial spaces and local incentive programs

MONTH 1 — VIEWINGS & PLANNING

🟡 View top 5 locations from this report

- 🟢 Visit existing therapy practices in target area — assess competition first-hand
- 🟢 Verify zoning — confirm therapy clinic use is permitted in target properties
- 🟡 Parking survey — evaluate family accessibility at each location
- 🟡 Begin recruitment: identify play therapy and diagnostic specialist candidates
- 🟡 Apply for Marszałek grant (regional social infrastructure)

MONTH 2-3 — LEASE & BUILD

- 🟢 Negotiate lease — aim for 3–5 year term with renewal options
- 🟢 Finalise fit-out budget and contractor selection
- 🟢 Order MOXO equipment and software license
- 🟢 Begin soundproofing and room construction
- 🟢 Apply for health department permits and business registration
- 🟢 Pursue KPO funding for mental health service expansion

RISK CONSIDERATIONS

⚠️ Transportation Dependency

Patients primarily car-dependent. Parking is essential. Winter weather may affect accessibility (Jan 2026 transport suspension precedent). Ensure adequate parking and clear winter access plan.

⚠️ Market Education

Play therapy and ADHD diagnostics are not widely understood by general public. Budget for educational marketing content and school outreach programmes.

⚠️ Diagnostic Specialist Scarcity

DIVA-5 / MOXO / Conners-3 certified specialists are scarce in the region. Begin recruitment early — this could be the actual bottleneck, not space or patients.
